

include/CANDY/NNDescentIndex.h

```
graph BT; A[src/CANDY/IndexTable.cpp] --> B[include/CANDY/NNDescentIndex.h]; C[src/CANDY/NNDescentIndex.cpp] --> B;
```

The diagram illustrates a file dependency structure. At the top is a header file, 'include/CANDY/NNDescentIndex.h', enclosed in a grey box. Below it are two source files: 'src/CANDY/IndexTable.cpp' on the left and 'src/CANDY/NNDescentIndex.cpp' on the right, both in white boxes. Two blue arrows point from each source file up to the header file, indicating that both source files include this header.

src/CANDY/IndexTable.cpp

src/CANDY/NNDescentIndex.cpp
